PROJECTS

IWELL - www.iwell.herokuapp.com/
Mental health app which allows people to book and connect to their therapists online.

INSTRUMENT - <https://rails-instrument.herokuapp.com/>
Online marketplace where people can rent and offer their instruments.

For the 2 projects above I worked in a team of 4 at Le Wagon, doing frontend and backend tasks, collaborating through Github and Trello.

MISTER COCKTAIL - le-bar-berlin288.herokuapp.com/
A cocktail listing and creation app, users can view all or list their own cocktails.

It is a personal project I developed during my time at Le Wagon.
